Subject: Meeting of the Kern County Employees' Retirement Association Investment

Committee

Ladies and Gentlemen:

A meeting of the Kern County Employees' Retirement Association Investment Committee will be held on Friday, April 26, 2024 at 10:30 a.m. in the KCERA Boardroom, 11125 River Run Boulevard, Bakersfield, California, 93311.

How to Participate: Listen to or View the Board Meeting

To listen to the live audio of the Board meeting, please dial one of the following numbers (for best audio a landline is recommended) and enter ID# 874 4725 8022

• (669) 900-9128; U.S. Toll-free: (888) 788-0099 or (877) 853-5247

To access live audio and video of the Board meeting, please use the following:

https://us02web.zoom.us/j/87447258022?pwd=YkhGdnhEeGVXWHdncUpxbFA4QVFEdz09

Passcode: 999971

Items of business will be limited to the matters shown on the attached agenda. If you have any questions or require additional service, please contact KCERA at (661) 381-7700 or send an email to administration@kcera.org.

Sincerely,

Dominic D. Brown

Chief Executive Officer

Attachments

AGENDA:

All agenda item supporting documentation is available for public review on KCERA's website at www.kcera.org following the posting of the agenda. Any supporting documentation that relates to an agenda item for an open session of any regular meeting that is distributed after the agenda is posted and prior to the meeting will also be available for review at the same location.

AMERICANS WITH DISABILITIES ACT (Government Code §54953.2)

Disabled individuals who need special assistance to listen to and/or participate in the meeting of the Board of Retirement may request assistance by calling (661) 381-7700 or sending an email to administration@kcera.org. Every effort will be made to reasonably accommodate individuals with disabilities by making meeting materials and access available in alternative formats. Requests for assistance should be made at least two (2) days in advance of a meeting whenever possible.

CALL TO ORDER

ROLL CALL (IN PERSON)

AB 2449 REMOTE APPEARANCE(S)

Items 1 and/or 2 withdrawn from agenda if no trustee(s) request to appear remotely:

- 1. JUST CAUSE CIRCUMSTANCE(S):
 - a) The following Trustee(s) have notified the Committee of a "Just Cause" to attend this meeting via teleconference. (See Government Code § 54953).
 - NONE
 - b) Call for Trustee(s) who wish to notify the Committee of a "Just Cause" to attend this meeting via teleconference. (See Government Code § 54953) RECEIVE/HEAR REQUEST(S); NO COMMITTEE ACTION REQUIRED
- 2. EMERGENCY CIRCUMSTANCE(S):
 - a) The following Trustee(s) have requested the Committee approve their attendance of this meeting via teleconference due to an "Emergency Circumstance." (See Government Code § 54953).
 - NONE
 - b) Call for Trustee(s) requesting the Committee approve their attendance of this meeting via teleconference due to an "Emergency Circumstance". (See Government Code § 54953) TAKE ACTION ON REQUEST(S) FOR REMOTE APPEARANCE DUE TO EMERGENCY CIRCUMSTANCE

 Discussion and appropriate action on the annual asset allocation review presented by Scott Whalen, CFA, Verus, and Chief Investment Officer Daryn Miller, CFA, – RECOMMEND THE BOARD OF RETIREMENT APPROVE ASSET ALLOCATION

PUBLIC COMMENTS

4. The public is provided the opportunity to comment on agenda items at the time those agenda items are discussed by the Committee. This portion of the meeting is reserved for persons to address the Committee on any matter not on this agenda but under the jurisdiction of the Committee. Committee members may respond briefly to statements made or questions posed. They may ask a question for clarification and, through the Chair, make a referral to staff for factual information or request staff to report back to the Committee at a later meeting. Speakers are limited to two minutes. Please state your name for the record prior to making a presentation.

REFERRALS TO STAFF, ANNOUNCEMENTS OR REPORTS

- 5. On their own initiative, Committee members may make a brief announcement, refer matters to staff, subject to KCERA's rules and procedures, or make a brief report on their own activities.
- 6. Adjournment

Executive summary

- Verus reviewed KCERA's strategic asset allocation ("SAA") applying updated 2024
 Capital Market Assumptions ("CMAs")
- 2024 CMAs were broadly higher than the previous year (with a few notable exceptions), largely resulting from higher interest rates
- Mean-variance modeling shows a modest improvement in portfolio efficiency with lower leverage and a correspondingly lower alpha pool

Capital market assumptions

Methodology

CORE INPUTS

- We use a fundamental building block approach based on several inputs, including historical data and academic research to create asset class return forecasts.
- For most asset classes, we use the long-term historical volatility after adjusting for autocorrelation.
- Correlations between asset classes are calculated based on the last 10 years. For illiquid assets, such as private equity and private real estate, we use BarraOne correlation estimates

Asset	Return Methodology	Volatility Methodology*
Inflation	25% weight to the University of Michigan Survey 5-10 year ahead inflation expectation and the Survey of Professional Forecasters (Fed Survey), and the remaining 50% to the market's expectation for inflation as observed through the 10-year TIPS breakeven rate	-
Cash	1/3 * current federal funds rate + 1/3 * U.S. 10-year Treasury yield + 1/3 * Federal Reserve long-term interest rate target	Long-term volatility
Bonds	Nominal bonds: current yield; Real bonds: real yield + inflation forecast	Long-term volatility
International Bonds	Current yield	Long-term volatility
Credit	Current option-adjusted spread + U.S. 10-year Treasury – effective default rate	Long-term volatility
International Credit	Current option-adjusted spread + foreign 10-year Treasury – effective default rate	Long-term volatility
Private Credit	Levered gross return (SOFR + spread + original issuance discounts) – management fees – carried interest	Estimated volatility
Equity	Current yield + real earnings growth (historical average) + inflation on earnings (inflation forecast) + expected P/E change	Long-term volatility
Intl Developed Equity	Current yield + real earnings growth (historical average) + inflation on earnings (intl. inflation forecast) + expected P/E change	Long-term volatility
Private Equity**	US large cap domestic equity forecast * 1.85 beta adjustment	1.2 * Long-term volatility of U.S. small cap
Commodities	Collateral return (cash) + spot return (inflation forecast) + roll return (assumed to be zero)	Long-term volatility
Hedge Funds	Return coming from traditional betas + 15-year historical idiosyncratic return	Long-term volatility
Core Real Estate	Cap rate + real income growth – capex + inflation forecast	65% of REIT volatility
REITs	Core real estate	Long-term volatility
Value-Add Real Estate	Core real estate + 2%	Volatility to produce Sharpe Ratio (g) equal to core real estate
Opportunistic Real Estate	Core real estate + 3%	Volatility to produce Sharpe Ratio (g) equal to core real estate
Infrastructure	Current yield + real income growth + inflation on earnings (inflation forecast)	Long-term volatility
Risk Parity	Modeled as the 10-year return expectations of a representative selection of Risk Parity strategies	Target volatility
*! ! !-!-!!!! -	and the firm of the supplication (see Assessed to)	

^{*}Long-term historical volatility data is adjusted for autocorrelation (see Appendix)

^{**}Private Equity is modeled assuming an 8.0% floor for expected return, and a 3% return premium ceiling over U.S. Large Cap Equity. These adjustments are in place to recognize that higher interest rates (cost of leverage) act as a drag on expected Private Equity returns but that this drag has had limits historically, and to recognize that future Private Equity total universe performance is likely to be more anchored to public equity performance than in past times, given a more competitive market environment

10-year return & risk assumptions

Investors wishing to produce expected geometric return forecasts for their portfolios should use the arithmetic return forecasts provided here as inputs into that calculation, rather than the single-asset-class geometric return forecasts. This is the industry standard approach but requires a complex explanation only a heavy quant could love, so we have chosen not to provide further details in this document – we will happily provide those details to any readers of this who are interested.

Observations / recommendations

Recommended SAA targets and allowable ranges

Asset Class	Target	Range
Public Equity	33%	23% – 45%
Domestic		12% – 28%
International Developed		5% – 18%
Emerging Market		0% – 9%
Fixed Income	25%	15% – 35%
Core	15%	10% – 25%
Credit	10%	5% – 10%
Commodities	4%	0% – 8%
Hedge Funds	10%	5% – 15%
Alpha Pool	4%	2% – 6%
Midstream	5%	0% – 10%
Core Real Estate	5%	2% – 8%
Opportunistic	0%	0% – 10%
Private Markets	18%	0 – 33%
Private Equity	5%	0% – 10%
Private Credit	8%	0% – 13%
Private Real Estate	5%	0% – 10%
Cash	-4%	-6% – 2%

Verus and KCERA
Investment Staff recommend adjusting the Plan's SAA to reduce leverage and the Alpha Pool by four percentage points each, along with a corresponding adjustment to the allowable allocation ranges.
